

**Deputy Medical Director, HIV Prevention & Treatment  
Tennessee Department of Health  
Nashville, Tennessee**

This position will serve as the Deputy Medical Director of the statewide HIV/STD/Viral Hepatitis Section. Primary responsibilities involve oversight of programs related to HIV prevention and treatment in Tennessee. These include Ryan White, the Aids Drug Assistance Program, HOPWA, and HIV-related medical and wraparound services. This position will utilize data to guide program and policy development, and will provide clinical and programmatic oversight for the implementation of all related prevention and treatment activities. This position requires advanced management and leadership skills. Some clinical opportunities are available depending on interest.

**Job responsibilities include:**

- Design, implement, and evaluate public health programs to reduce HIV infections, and related morbidity;
- Serve as liaison with local health departments, state and national government agencies, academic and community-based providers regarding HIV-related issues;
- Conduct data analyses, surveillance and investigation of HIV and associated infections;
- Oversee the preparation of state and federal funding applications;
- Manage a large budget and staff

This program is in the Tennessee Department of Health, Division of Communicable and Environmental Diseases and Emergency Preparedness (CEDEP). The Division includes a wide range of programs, including immunizations, healthcare associated infections, TB, environmental health, emergency preparedness, and general communicable diseases.

**Desired Qualifications:**

- M.D. with U.S. medical license and work experience in public health;
- Experience in the field of HIV or infectious disease;
- Five or more years of full-time supervisory work;
- Experience preparing grant applications and managing large budgets
- Strong oral and written communication, program management and leadership skills.
